Steel Edge

by

isotop[®]

World Class Tabletops

Steel Edge accessory entice a unique charm and mood, into each piece of ISOTOP tabletops. With the elegance of brushed stainless steel, to the cool industrial look of matte black multi-coating, it is crafted to complement wide range of design themes, for today's hospitality dining trends. It ensures a clean and gapless look whenever tables are joint together, and it also helps the tabletops last even longer.

Available dimensions:

Dia - 60, 70, 80 cm

Sq - 60, 70, 80 cm

Rec - 70 x110, 80x120 cm

Inner thickness: 18 mm

Outer thickness: 37 mm

Finishing Choice:

Stainless Steel Hairline finish

Galvanized Steel Matte Black Multi-coating

1. Two options of Steel Edge materials are offered: Brushed stainless steel with hairline finishing, and galvanized steel with matte black multi-coating (all options can be used in outdoors). Tabletops with Steel Edge can be further customised, with up to hundreds of ISOTOP décor choices (available from an order of just 40 pieces).

2. Table top and bottom edge surfaces are both securely sealed with Steel Edge, which helps the tabletop last even longer.

3. The resulted edge profile becomes perfectly straight, which allows joint tables to be without gaps. This simple feature gives more flexibility to any café and restaurant set-up.

4. With the choice for elegance or cool industrial look, Steel Edge gives both form and function to dining tables and bar tables, for use in the hospitality industry.
